THE COLE NURSERY CO.

Established 1881

700 ACRES

PAINESVILLE, OHIO

**IT IS GENERALLY RECOGNIZED AMONG THE NURSERY
TRADE THAT THE EQUIPMENT OF THE COLE
NURSERY CO. IS IDEAL**

The most complete plant of its nature in America. Nurserymen constantly visit us to get equipment information. They realize that the nursery product is a living thing and that it must be handled in the most approved manner to give the success that is necessary to hold their customers.

We have our own private water works and irrigating system and every available improvement for producing the best stock possible, handling and shipping it to reach purchasers in most satisfactory condition. We have our own machine shops for quickly handling repairs to motors, sprayers, tractors, trucks, heat and water systems; railroad cars run right to our great packing buildings and greenhouses.

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

Two per cent off for cash before shipment on orders amounting to ten dollars or more. To parties having satisfactory credit arrangement or account with us, one per cent ten days, thirty days net.

No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

ADVANCEMENT IS A THING WE ALL STRIVE FOR

The Cole Nursery Co. has always endeavored to keep up with the times and wherever possible to make changes "for the better." You will note that we have instituted an EACH RATE FOR YOUR ACCOMMODATION (where less than five plants of a variety are wanted). Although the type of order that this refers to usually averages well, there are often a few items wanted in small quantities, and we wish to accommodate you.

Moreover there is a further ADVANTAGE FOR YOU in that we have been enabled to LOWER THE 10 RATE PRICE ON APPROXIMATELY 500 ITEMS. We fully believe that you deserve these lower prices where 5 to 25 plants are required. We are glad to do this and of course we guarantee the usual "COLE QUALITY."

Evergreens

Prices include balling and burlapping roots.

CODE OF ETHICS

Illinois State Nurseryman's Association

FIRST—To consider my vocation worthy, as affording the distinct opportunity to serve society.

SECOND—To improve myself, increase my efficiency and enlarge my service and by so doing attest my faith in the nursery business.

THIRD—To realize that I am a Nurseryman and a business man and ambitious to succeed, but that I am first an ethical man, and wish no success that is not founded on the highest justice and morality.

FOURTH—To hold that the exchange of my goods, my service, my ideas for profits is legitimate and ethical, and that it shall be my aim that all parties in the exchange are benefited thereby.

FIFTH—To use my best endeavors to elevate the standards of the vocation in which I am engaged.

The Cole Nursery Company belongs to the Illinois State Nurserymen's Association and believes thoroughly in this code of ethics.
